Players with their own equipment improve and enjoy their hockey more as they are using equipment properly fitted to their size.

## **Uniforms & Safety Gear to be worn:**

Every member of a team must be dressed uniformly in respect of the colour of their jerseys.

All protective gear including, helmet, elbow, shin guards, mouth guards, protective cup, must be worn by all players at all times when on the rink. No exceptions. If players are not wearing full protective gear at all times when on the rink, referees will ask the player to leave the rink.

If the player does not comply then the referee will suspend play until such time that either the player leaves the rink or abides by the ruling.

For any player who continues to flaunt equipment rulings the player may be issued with a suspension notice from all games until the player abides by the ruling to the satisfaction of the club's committee.

## **Game Rules:**

1. Teams will consist of ideally 5 players and no more than 8 players.
2. Each division will have at least three teams.
3. All players should be at the rink at least 15 minutes before the game to be ready to start the game on time.
4. If substitute players are asked to play in a team they will have to play in the defence or goalie position.
5. If a team starts a game with substitute players and members of the team arrive late, the members of the team will be able to play however; the substitute player will no longer be required to play.
6. Only members of the team will be allowed to play in semi-finals and final games. No substitute players will be allowed to play in semi-finals and finals.

## **Game Format:**

Each team play 2 round robin games, juniors play 10 minutes and Intermediate and seniors play 20 minutes for each game, with a 1-2 minute break between each game.

## **Parents – WE NEED YOUR HELP!**

The In-House League is run by a sub-committee.

Parents can assist in various roles including:

- Team manager
- Scorer/timekeeper
- Distribute, collect and wash team jerseys
- Assist players to be ready for the game
- Rotate players on the floor (every 2-3 minutes), ensuring all players have even playing time on the rink
- Player's hydration

If you can assist in any role please talk to the In-house co-ordinators, who can give you more information on the roles. Any assistance is greatly appreciated.

## **League Structure:**

There are two seasons:

**Season 1: 9 February – 11 May 2015**  
**Second 2: 15 June – 14 September 2015**

Each season consists of 12 weeks including semi-finals and finals. Every player receives a commemorative trophy for his or her participation in this competition. Trophies are presented at the end of the finals of each season on Presentation Night.

The first week of Season 1 is used for assessment and team allocations. This first week is important to teach and remind players of basic hockey techniques and rules i.e. holding the sticks on the ground, skating and stopping, skating and hitting a puck, playing safely and explaining other basic rules.
